**3 - What two or three suggestions would you make to improve this course in the future?**

**Response Rate** 4/25 (16%)

- The examples on the PowerPoint did not have the answers; the slides were left blank with just the question. It would be useful if the professor put the answers on the slides or worked out the problem step-by-step on the slides.
- I did not get the whole purpose of Julia. I was hoping to learn more of it but it seems like we only spent half a day on it.
- Have more resources to prepare for upcoming exams. Communicate more clearly to students about course material beyond lecture.
- more time on julia
